

No Child Left Behind Provider

The Department of Education is providing Free Tutoring hours for qualified students of Maui County. To qualify your child must be on free or reduced lunch at one of the “approved” Schools, and you need to fill out the paperwork with the school. Once your paperwork is processed by your child’s school you will receive a letter that allows you to choose a provider. If you choose Education Therapy as your provider the school will let us know and we will call you to schedule tutoring.

Over the past 5 years with the No Child Left Behind Program, Education Therapy has been able to move students several grade levels using a comprehensive approach and the best multi-sensory programs available. We use one on one or small group tutoring with highly trained tutors to teach study skills and organizational concepts in a positive learning environment. With over 40 years of educational experience, our founder has developed a unique way of teaching that has produced amazing results.

Education Therapy has been a long term provider of the free tutoring “NO Child Left Behind” program. Education Therapy is able to tutor students at their school or at our Kahului office. We are pleased to be able to offer tutoring Monday thru Saturday (including school breaks).

Education Therapy is a family run provider of specialized tutoring on the island of Maui. Our purpose is to provide quality, effective tutoring to help the children of Hawaii discover that learning is fun. We are equipped to assist students of all levels with our specialty being special education and special needs students.
